Subject: new account number

Lee:

We have assigned account number 127-99-F037 to the Fluor Fund for Industrial Safety Education Enhancement. A copy of the finalized paperwork is attached for your files. The \$50,000 on hand was transferred to the new account under entry number 15738.

If a university account is needed to draw on the Foundation account, we just need an as492 completed, approved, and returned to my attention for processing. A blank form is attached.

Thanks for your help with this one. Let us know if any questions arise.
